ATAA PRESIDENT'S MESSAGE

Dear Members of the Assembly of Turkish American Associations and Friends:

It is with great pleasure that I welcome you to this very special event organized to celebrate two very important anniversaries; 40th Anniversary of Assembly of Turkish American Associations (ATAA) and the 100th Anniversary of the Turkish Independence Movement.

Since 1979, ATAA has been an indispensable part of Turkish American cultural and political experience in the United States. Established to fight defamation and attacks on Turkish Americans in the 1970s, besides having many successes to stop baseless attacks on our communities, within the last four decades, ATAA has evolved to be the most influential grassroots umbrella organization for the Turkish American community in the U.S. The strength of ATAA not only comes from its ability to unite several local Turkish-American organizations but also its ability to empower communities.

The ATAA Board of Directors, a group of distinguished individuals, representing various geographical regions within the U.S., brings the voice of many Turkish Americans to this organization. This representation, creating a network of communities, enables transference of ideas, brings about new solutions to the existing problems and in turn empowers the communities during the process. Since 1979, to this date, the Assembly has managed to serve this purpose only through the “volunteerism” of its Board of Directors. On behalf of the current Board of Directors, I would like to commend and thank all those who volunteered to serve in the ATAA Board of Directors for the last 40 years.

The ATAA will continue to serve the Turkish American community in the light of our founding principles, that are respect for rule of law, secularism, democracy and human rights. These are also the founding principles of Republic of Turkey, as defined by its founder Mustafa Kemal Atatürk.

Having these principles in mind, during this year's conference, we will commemorate the 100th Anniversary of Turkish War of Independence and its impact on today's politics. We see this as an excellent opportunity to remind ourselves one more time, the importance and relevancy of Mustafa Kemal Atatürk in today's world. His founding principles of separation of powers, rule of law, representation, secularism and world peace and how they are personified in the Kemalist ideology and the Republic he established will be discussed by our distinguished panelists.

Today, it is with great honor that I preside over the ATAA Board of Directors during the 40th Anniversary Conference. I am sending my deepest appreciation to all our Past Presidents and Board members, the ATAA Board of Trustees, component associations, the members, conference participants, the sponsors and the ATAA staff who helped bring this conference together and supported ATAA to this day since 1979 with hard work and volunteerism.

AMB. (RET.) DR. ŞÜKRÜ M. ELEKDAĞ'S MESSAGE

Some Nostalgic Memories Concerning ATAA

At the very beginning I would like to pay tribute to the pioneers of the Assembly who are no longer with us. We remember them with gratitude and love. Without the tireless efforts of Ali Sevin, Alp Karahasanoğlu, Leon Picon, Hasan Akdemir, Adil Arapoğlu, Dr. Kemal Gökner and many others, the Assembly would not have been born. Their countless hours of work, driving for miles, writing countless letters to Congressmen and Senators (before the electronic age) was a feat to be honored. The mailing of thousands of Assembly publications, sorting them by zip codes (!) was a task now fit for fairy tales. May the hard workers rest in peace, they will never be forgotten by us.

During our time from the inception of “The Assembly” under the leadership of Dr. Ülkü Ülgür, until its tenth anniversary (1979-1989) we have experienced many great, unforgettable events. As Ambassador, I as well as my entire family, have felt enormous pride with every forward step the Assembly has taken. Indeed, the air not only in Washington but also in the entire country was filled with enthusiasm and exuberance. Things have happened and evolved with such speed that everyone started to ask: “where were those Turks until now?” Just to mention a few events: the Centennial celebration of our great leader Atatürk combined with not only the “Suleyman the Magnificent” exhibit in Washington, New York, and Chicago, but also festivals at Wolf Trap, concerts by world famous virtuosos like İdil Biret and Suna Kan at the Kennedy Center, festivities from coast to coast including Hawaii... Other activities in collaboration with the “Norfolk Azalea Festival” where Turkey was the honored NATO country and provided the beautiful “Azalea Princess” Oya Türkman, as well as with the steadily growing “American Friends of Turkey” gave the Assembly a chance to widen its sphere of influence and spread its wings further.

The declaration signed by 69 Academicians refuting the so-called Armenian Genocide and published in two major papers in the United States added strength to the Turkish community to work for its cause to counter hostile lobbies. To top all this the bi-citizenship law was passed. Thereupon the Turks came out of the “woodworks”, every Turk proudly called himself a Turkish-American and visited their respective Representative and Senator...

In fact, after the Centennial Ball at the Washington Hilton on October 24, 1981, one of the honored guests summed up: “I think this is a demonstration that the Turkish-American community in the US has come of age”, thanks to the devoted nationwide collaboration of all Assembly member organizations.

On April 17, 1982, one of the most unforgettable events occurred: the Chicago Convention and the “Turkish Express” earthquake! Members of the Washington, Maryland, Virginia and neighboring states decided to go to the Convention by train! For fear that something might happen to the train and its passengers, I with my wife were not given the permission by the FBI to join in this joyful event; we had to fly to Chicago to greet the train at its destination. On April 16 the “Turkish Express” left Union Station in D.C. in the afternoon, a happy, overly excited group, waving Turkish flags, shouting “Yaşasın Türkiye” “Ne mutlu Türküm diyene” and singing “Dağ Başını Duman Almış” which was more like a festival than a train ride...

Amb. (Ret.) Dr. Şükrü M. Elekdağ's Message

About 9:00 pm some of the Turkish passengers tired from singing and shouting got ready to settle for the night. Dr. Özberkmen looked at them startled and asked: "What are you doing, we will be leaving the train soon!?" He then was informed that the train would arrive at its destination at 9:00 am the next day, a fact that his dear wife Ansilene had concealed from him for fear he would not join the group. Grudgingly he replied: "I could have gone to China within this time!"...

A huge crowd of Chicago Turks were able to welcome the Turkish Express, a reunion where many emotional tears were shed.

The Convention was a huge success, Senator Charles Mathias as well as Paul Findley addressed the Convention. By now it became a tradition to have such high officials as guest speakers.... Congressman Findley was one who voted for the embargo repeal. He said: "...if I could singlehandedly get that many votes in favor of embargo repeal, the concerted effort by the White House for terminating the embargo would surely succeed. And succeed it did!" He further stated: "...there are steps which the US should and must take to enhance our ties. Some of these steps relate to terrorism." That was the time when we lost many diplomats to assassinations by the ASALA; Consul General Kemal Arıkan, followed by Honorary Consul General Orhan Gündüz...

Many successful Conventions followed, Atlanta, San Francisco, Houston, New York..., the Assembly got stronger, more powerful, and known on Capitol Hill as well as highly respected in Ankara. The many able, faithful and devoted leaders of the Assembly will never be forgotten: Ülkü Ülgür, Tunca Iskır, Kemal Gökmar, Nuri Sabuncu, Remzi Ağan, Engin Holmstrom, Bonnie J Kaslan...

Whenever we went to meetings we felt like uniting with members of our wider family. We still feel like that.

The Assembly had become a powerful and influential network by the time we left Washington in 1989, filled with a little sadness; however, looking with great pride at the growing fruit bearing tree we left behind...

All Started in 1979

ATAA Founders: Former President of ATA D.C., Yavuz Somen and ATAA Former President, Dr. Ülkü Ülgür (1979)

On August 19, 1977, the President of the Maryland American Turkish Association (MATA), Dr. Ülkü Ülgür, in his letter to the membership, stated “it is no news that Turkey and Turkish-Americans in this country are beset by many problems and recently have been subjected to unfair treatment and discrimination by some other ethnic groups and their political representatives. Your new Board of Directors believe that we clearly need to intensify our efforts for better and more effective representation of our views, especially in the light of growing criticism and hostility from many quarters.” Another part of the same letter stated that, “we have reached a tentative agreement with the new president of ATA D.C., Mr Yavuz Somen, to collaborate and work together in these crucial and vital areas.”

Similar letters and notes in the American Turkish Association of Washington, D.C. (ATA D.C.) reflected the concern of this community to the problems faced by Turkish-Americans in this country.

On June 29, 1978, MATA President, Dr. Ülgür, in his letter to ATA D.C. President Yavuz Somen stated, “In our recent Board of Directors’ meeting we have discussed the possibility of bringing our associations together by affiliating them in some official form. We, as members of the Board of Directors of the Maryland American Turkish Association, believe that such an affiliation will be a giant step forward for better representation of the Turkish community in the Mid-Eastern United States. Therefore, we have unanimously elected three of our distinguished members to form an ad-hoc committee and have instructed them to work

History of ATAA

jointly with a similar committee so that a solution can be found to realize the goal of uniting these two respected organizations.”

The ad hoc committees of ATA D.C. and MATA met on November 5, 1978. ATA D.C. was represented by President Yavuz Somen, Suat Başaran, and Loren Myers while MATA was represented by President Ülkü Ülgür, Cenap Kıratlı, and the late Alp Karahasan.

By 1979, there was a crying need to address the attacks, the distortions of history, and the discrimination the Turkish-American community was facing every day in their jobs, at schools their children attended, and in their daily lives. Isolated local, Turkish American organizations were unable to cope with the massive work that needed to be done nationwide. Upon his arrival in Washington to take up the post of Ambassador from Turkey, Dr. Sükrü Elekdağ was met by members of both ATA D.C. and MATA at a special reception held at the Navy Officers Club in Bethesda, Md. on September 23, 1979. He inspired both communities with his dynamic approach to U.S.-Turkish relations. Now the two communities were no longer talking merely about regional cooperation. Visions of a national umbrella organization were forming.

In the aftermath of threats of yet another arms embargo passing through Congress with virtually no Turkish-American voice raised in opposition, a series of meetings were held in the Washington, D.C. area. A steering committee was formed in November 1979, headed by ATA D.C. President Yavuz Somen with the late Yurdakul Göker and Taşkın Atıl and by MATA President, the late Dr. Alp Karahasan, with Dr. Ülkü Ülgür, Cenap Kıratlı and Dr. Sengun Nuri. The advisor associates were Erol Gürün, Aydın Çağmalp, Hasan Akdemir, Tuncer Kuzay, and Ozcan Tuncel. Out of their meetings came an agreement to establish the nationwide Assembly of Turkish American Associations.

Washington, D.C. was chosen to be the headquarters of the new organization to utilize the vast opportunities for promoting U.S. Turkish relations among policy makers. A Secretariat for the Assembly was established to coordinate the activities, publish a nationwide publication and generally be the central source of

information on Turks and Turkey. For this purpose office space was provided by Adil Araboğlu, a Washington business leader, and the Assembly was in business. Clearly the tasks that lay ahead were enormous and the resources limited.

The first ball was a fundraising activity sponsored by ATA D.C. and MATA, and held on December 29, 1979 at the Turkish Embassy. One hundred and forty-six people managed to raise \$17,470 for the Assembly.

ATAA's first publication, ATA-USA was published in February 1980 and news about Turks and Turkey premiered nationwide. With coordinating committee members Yavuz Somen, Ekrem Bulgur, and Yurdakul Göker from ATA, and the late Alp Karahasan, Ülkü Ülgür, and Cenap Kıratlı from MATA, planned for convening the general assembly on May 17-18, 1980 in the nation's capital pressed forward with great speed.

More than 120 people representing 24 organizations and 5 student associations gathered at the Embassy Row Hotel during this two-day conference and brought plans on the drawing board into reality. The delegates elected the Coordinating Committee members to a special Steering Committee. Their task was to draw up a constitution and bylaws for the Assembly to be presented to the delegates at the next annual convention. Founded to deal with issues confronting the community, the Assembly was not to be given time to grow and mature slowly, but rather would have to come on as an adult and face Armenians crying “genocide,” and trying to include their grievances in a national museum dedicated to the memory of six million Jews murdered by the Nazis during World War II. The “Midnight Express” image of Turks and Turkey was constantly being shown with even President Carter giving it free advertising.

Now there was an organization that was writing letters with the weight of the whole Turkish-American community behind it. Publications were giving the members information about the issues to enable them to set the record straight when they encountered distortions and attacks on their Turkish heritage.

ABOUT ATAA

ASSEMBLY OF TURKISH AMERICAN ASSOCIATIONS

Assembly of Turkish American Associations (ATAA), representing over 50 local chapters is the largest, democratically elected Turkish American membership organization in the United States. Established in 1979 to fight defamation and attacks on Turkish Americans, ATAA has evolved to be the most influential grassroots umbrella organization for the Turkish American community in the U.S.

ATAA's mission is to create cohesion and cooperation between the social/cultural Turkish American organizations around the U.S. to establish an informed national Turkish American community that can help foster U.S. – Turkey relations and take an active part in promoting a balanced and truthful picture of Turkey in the US.

As a non-faith-based organization, ATAA is open to people of diverse backgrounds. ATAA is governed by the Board of Directors with executive responsibility and a Board of Trustees that provides financial guidance and oversight.

ATAA is a tax-exempt, non-profit organization that relies on membership dues, private donations, as well as private and public grants.

AMBASSADOR ŞÜKRÜ M. ELEKDAĞ

Ambassador Şükrü M. Elekdağ, an Istanbul native, is a diplomat, academician and politician. After receiving his doctorate degree on Economics from “Faculté de Droit et des Sciences Economiques - Sorbonne” in Paris, he joined the Ministry of Foreign Affairs of Turkey

in 1951. As a junior diplomat, he served at the United Nations Permanent Mission of Turkey in New York and at the NATO Permanent Mission of Turkey in Paris. He became Director General for NATO Affairs at the Ministry of Foreign Affairs in 1965. In 1970, he was appointed to Ambassador of Japan. He served as Undersecretary of the Ministry of Foreign Affairs, 1974-79. Thereafter, he became the Ambassador of the Republic of Turkey to the United States, 1979-1989. Following his retirement from diplomatic service in 1989, he became a Senior Lecturer at Bilkent University where he taught master and doctoral courses in “International Relations” and “Contemporary Strategic Theory” until 2001. He was also the Chairman of the University’s “International Security Seminars.” As a columnist, he wrote regularly for the Turkish newspaper, Milliyet. In 2002, his columns were published by Sabah newspaper. He holds the prestigious “Yellow Press Card,” (Sarı Basın Kartı). In 2000-2002 he acted as a host and commentator of the “Strategic Outlook” program at TV Channel, Haber Türk. In the general elections held on 3 November, 2002 he was elected Member of Parliament for the Republican People’s Party (CHP) from the province of Istanbul. He was reelected in 2007 and served in Parliament until 2011. In Parliament, he was a member of the Foreign Relations Committee and the Turkey-EU Joint Parliamentary Committee. He was also the President of Turkey-France Parliamentary Friendship Group. Ambassador Elekdağ is known as being the initiator of the Black Sea Economic Cooperation project. In 1994, he wrote the “Two and a Half War Strategy” about Turkey’s security policy. He is the author of several publications on Black Sea economic cooperation as well as on strategic issues relating to Turkey. He is married and has four children.

THE HON. ED WHITFIELD

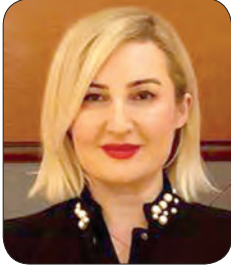

Ed Whitfield has owned and operated an oil distributorship, served as Legal Counsel to the Chairman of the Interstate Commerce Committee during deregulation of the railroad and airline industries, served as Vice president in two different capacities with CSX Corporation (Railroad

Holding Company), practiced law with a Kentucky Law Firm and served in the United States Congress for nearly twenty two years. Whitfield served on the Energy and Commerce Committee throughout his Congressional career and was Chairman of the Energy and Power Subcommittee for six years, and the Oversight and Investigation Subcommittee for four years. He also served on the Health Subcommittee and was involved in the legislative process eventually leading to the adoption of the Affordable Care Act (Obama Care), Medicare Part D (Prescription Drug Benefit) and was the original sponsor of NASPER which was the first national prescription drug monitoring system adopted in the U. S. Congress. Former Chairman Whitfield was a Co-Founder of the United States Turkish Caucus and formed the Turkish Study Group under the auspices of the former Members of Congress Association. The Turkish Caucus was started because Ed throughout his 22 years in Congress represented Ft. Campbell, home of the 5th Special Forces Group and the famed 101st Airborne division. Since Turkey is the only Muslim Nation in NATO he felt it was imperative that a caucus be formed to focus on this important relationship. Whitfield's broad range of governmental policy experience in transportation, health, military, and energy at the International, Federal and State levels provides valuable insights and assistance for clients of Farragut Partners, where he is a Partner. In addition to his full-time responsibilities at Farragut Partners, he also serves on the Board of Directors of the Former Members of Congress Association, the Advisory Board of the Maureen and Mike Mansfield Society at the University of Montana, and is a member of The Order of St. John, Christ Episcopal Church in Georgetown and the Chevy Chase Club. Congressman Whitfield has a B.S. in Business Finance and a JD Degree from the University of Kentucky. He also studied International Transactions at Exeter University, Exeter, England and Theology at Wesley Theological Seminary, where he served on the Board of Director's for 12 years.
